Universal Design for Learning

Online Short Course

On-demand for the month of July

Course details

Universal Design for Learning is a framework for inclusive education that aims to lower barriers to learning and optimise each individual's opportunity to learn. This short-course will examine how educators can use the UDL framework to plan lessons, choose materials, assess learning, and improve instructional practice to ensure that all learners can access and participate in meaningful, challenging learning opportunities.

Featuring Katie Novak

Katie Novak, Ed.D. is an internationally renowned education consultant, a practicing leader in education, and author of 8 books on inclusive practices and Universal Design for Learning as well as an internationally recognised expert on UDL implementation.

Your registration includes:
