

# Empowering Leadership for Inclusive Education

*A workshop for school leaders*

*Following her incredible keynote appearance at the 2023 Australian Inclusive Schooling Conference in Sydney, Illume Learning is thrilled to again host Dr Katie Novak on Australian soil.*

Katie is an internationally renowned education consultant, author, and educator with 20 years of experience in teaching and administration, an earned doctorate in curriculum and teaching, and twelve published books.

Katie is best known for her work that focuses on the implementation of inclusive practices, Universal Design for Learning (UDL), multi-tiered systems of support (MTSS), and universally designed leadership. Her work has impacted educators worldwide as her contributions and collaborations have built upon the foundation for an educational framework that is critical for student success.

**In these workshops specifically designed for School Leaders, Katie will look at how to bring about change within your school context.**

**Katie will discuss how to use your understanding of inclusive education and the frameworks that support it as you implement inclusive reform.**

**Participants will be supported to reflect on their own contexts and consider next steps for advocacy and action as they commence the development of an Action Plan.**
